2024 Spring Nucs **\$190 (207.10 w tax)** or Cash Price **\$185 (\$201.65 w tax)**

We are now accepting nuc order for spring 2024. We have partnered again with Rural Route Farms to bring you the exceptional nucs you've come to expect. To order, send a **NON-refundable** \$25 deposit per nuc payable to Central Beekeepers Supply to PO Box 82 Russellville, AR 72811, by phone 479-968-4044, online www.CentralBeekeepersSupply.com or at the store. The deposit will be applied to the amount due. The balance is due upon pickup. Please include daytime & evening phone numbers. Pickup will be at Central Beekeepers Supply's location at 109 Warehouse Row, Russellville, Arkansas.

We anticipate a pickup date in May, depending on the spring weather. We will have a pickup weekend. We will be contacting you in the spring with a definite date.

Nucs consist of a laying queen that is already accepted by the hive and 5 frames: 3 frames of brood in varying stages-eggs, larvae, and capped brood, 1 frame of nectar and/or pollen, and 1 expansion frame that allow for a possible burst of growth brought on by a nectar flow. Your nuc will come in a corrugated nuc box that is yours to keep.

Bees will need to be installed in your equipment immediately after pickup.

Bees are delicate livestock. Central Beekeepers Supply LLC or Rural Route Farms is not responsible for bee loss after pickup from our location. It's hard to predict the weather on pickup days. Make plans to pick up your bees as early in the day as possible, when temperatures are the coolest, to keep the bees from overheating in the nuc boxes.

Honey bees sting. Some people have an allergy to the bee sting venom, even if being stung previously, allergies can develop. Consult your doctor before keeping honey bees. Central Beekeepers Supply LLC or Rural Route Farms are not liable for any harm due to keeping honey bees. Proceed at your own risk.
